What is Frog?

Child friendly Learning Platform, used to enhance your child's learning.

Frog allows our teachers to create fun and engaging online learning resources whilst engaging pupils with technology. Frog's simple drag and drop system allows students and teachers to build almost anything they can find on the internet (videos, apps, wikis) in the safe environment of the school.

Frog is used a bit like an Intranet because it's the first place students and teachers go to at the start of the day. Everyone can choose how their Frog looks so they have a completely personalised experience. Even Governors and parents can access Frog so they are always up to date on what's happening.

Because Frog is so powerful, all the leading education providers integrate with it. Teachers can access everything they need in a day with a couple of clicks – making Frog the glue that links all the schools system together. Frog really is head and shoulders above everything else out there. If you don't believe us, just ask a teacher to show you!

Frog enables ordinary people to do extraordinary things.

How do you access Frog?

- 1) Follow URL: <https://woodgreenjunior-sandwell.frogos.net>
- 2) Visit school website: www.albertpritchard-woodgreen.co.uk and click the Frog link
- 3) Sign in using your username and password
